The Madressa has recently launched a new "Use of Images" policy in line with its Safeguarding commitments in order to provide a greater understanding on how images will be handled and what boundaries are in place for Madressa events

This policy will govern how the Madressa will handle matters relating to photography and video on the Madressa premises.

Occasionally, we may take photographs of the children at our Madressa. These images may be used in our Madressa printed publications that we produce, on our website, or on project display boards. We may also make video recordings for monitoring or other educational use.

2. The Madressa will not re-use any photographs or recordings after your child leaves without further consent being sought.

4. The Madressa will not include personal e-mail or postal addresses or telephone or fax numbers on video, on our website or in our printed publications.
5. If we use photographs of individual pupils, we will not use the full name of that pupil in any accompanying text or caption.
6. If we use the full name of a pupil in text, we will not use a photograph of that pupil to accompany the article.
7. We may include pictures of pupils and teachers that have been drawn by pupils. We may use group or class photographs or footage with very general labels, such as 'an Akhlaq lesson'.
8. We will only use images of pupils who are suitably dressed.
9. Parents should note that websites can be viewed throughout the world and not just in the United Kingdom, where UK law applies.

The main content area is titled "Teacher List" and contains a "Select Student" dropdown menu. An orange arrow points from the "Ask the Teacher" menu item in the sidebar to the "Select Student" dropdown. Below the dropdown, a red warning message with a triangle icon says "Select Student for viewing Teacher List".

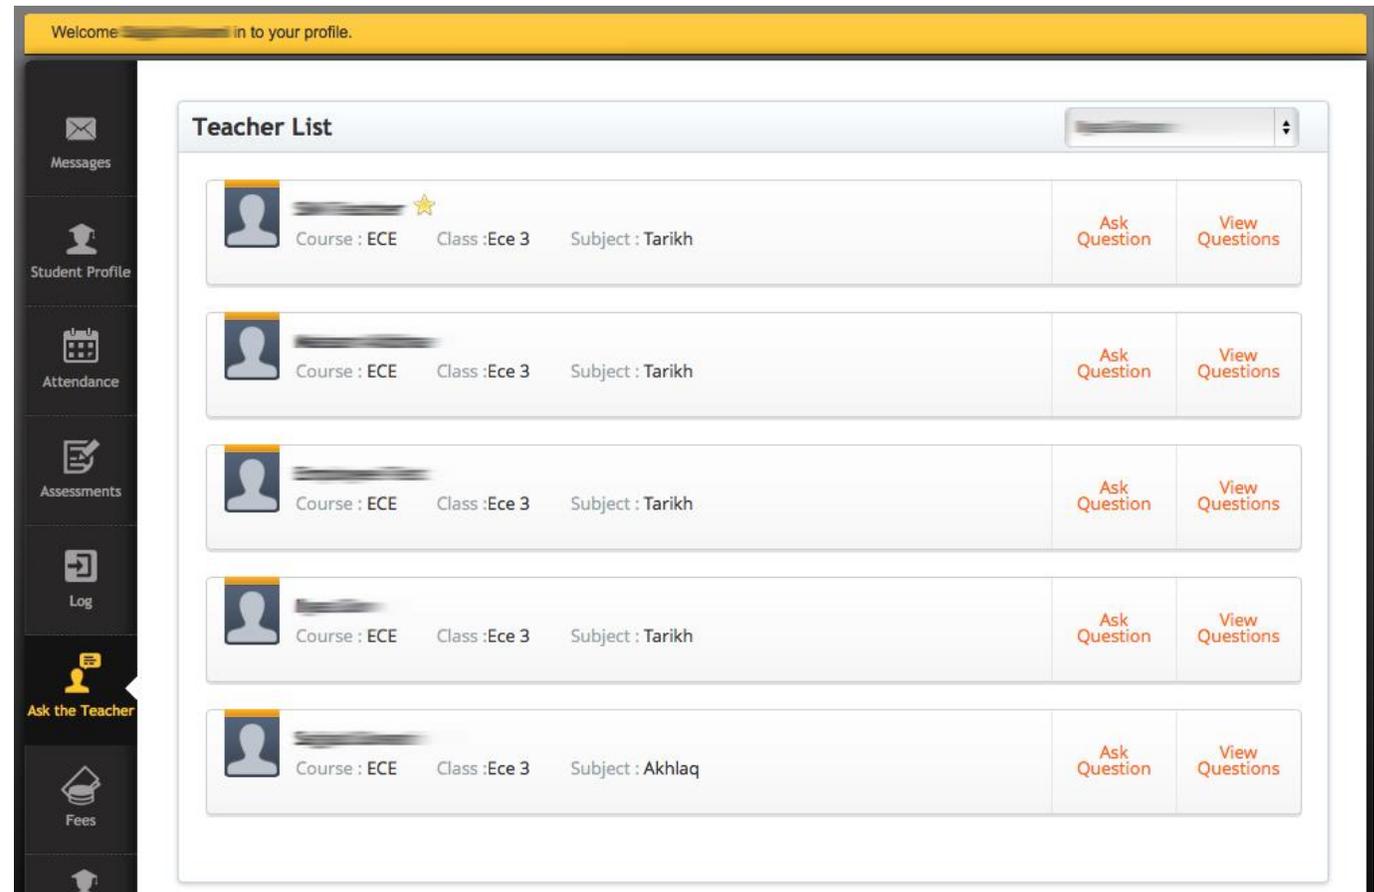

Ask the Teacher

Once you have selected your child's name, you will see a list of teachers that teach that child.

You can, at this time, ask any of them a question or view questions that you have asked them previously.

WHEN WILL YOU USE THIS FEATURE?

- There are several occasions for when this feature is ideal:
 - If you were absent on Parent's Day, you could request a progress update from the teacher for your child
 - Should there be an incident, you can discuss it with the teacher
 - If your child was absent and missed an assignment or some classwork/homework you can request the teacher to send it to you.
