		MODULE 1 THE CREATOR AND HIS CREATION This module is dedicated to Allah and to man's relationship with his Creat or. It covers *Tawheed* (monotheism) in great depth, discussing the existence of Allah, His unity and His various attri butes. It also covers the creation of the universe and His Signs in it as well the creation of the angels, the jinn, and man. It explores the purpose of creation and the need for religious guides, and looks at the history of the first prophet, *Nabi Adam* and his children. As the basis of our relationship and communication with Allah, key concepts of *tawba* and *istighfar, du'a* and *munajat* are introduced and the daily prayer as the most sublime form of submission *(tasleem)* to Allah is covered in detail.	MODULE 2 DIVINE GUIDANCE Having created us, Allah continues to nurture and guide us. This module covers the *lutf* and *ado/ah* of Allah, and explores the understanding of the various schools of Islamic theology, especially in relation to the *ado/ah* of Allah. It also discusses Divine guidance in the form of *nubuwwah.* Starting with creation of human beings on this earth, it focuses on the ancient nations and the early prophets, especially the *ulul 'azm* prophets, and the challenges that they faced, lessons that we can learn from their history, and universal values that we derive from their teachings. The Divine Books that were revealed to chosen prophets are also covered, most especially, the final revelation, the Qur' an.	MODULE 3 RASULULLAH This module is a continuation of the concept of Divine Guidance but focuses on the process that the Prophet of Islam used to communicate his Message and to live it. It includes a discussion of his life, his *seerah* and *sunnah,* his family, including the immaculate ladies Khadija (a) and Fatimah (a), and his companions. It covers how the Prophet successfully met the enormous challenges that he faced and how he laid the foundation for the spread of Islam within and beyond Ara bia. The module also discusses a series of steps that he took to designate his successor so as to ensure the continuation of his Message and assesses his remarkable legacy for all of mankind.	MODULE 4 THE AIMMAH This module is a further continuation of the concept of Divine Guidance but focuses on the divinely appointed successors of *Rasulullah (s)* whose primary responsibility was to safeguard the Message from distortions and misinterpretations. This module covers the issues related to *Imamah* and *Khilafah,* the concept of divine appointment, the qualities of such Imams, the emergence of sects within the Shias and *azadari* as the cornerstone of Shia belief. It also covers the lives of the *Aimmah* of *Ahlul Bayt* (a) from the first to the eleventh Imam, and explores key concepts relating to *Imamah* and *wi/ayah.*	MODULE 5 THE PERIOD OF GHAYBAH This module is dedicated to the Imam of our time, Imam al-Mahdi (a). It covers the concept of *ghaybah,* its minor and major phases, the long life of the Imam, the responsibilities of believers in upholding the Message during the *ghaybah,* and the circumstances under which the Imam will re ppear and restore justice and equity. It discusses the necessity of *ijtihad* and *taqlid* and disbursement of Islamic taxes during the *ghaybah,* and explores, the lives of some prominent *ulema.* The module also traces the rise of certain movements within Islam that have had wide-ranging implications.	MODULE 6 ROADMAP TO SELF-PURIFICATION This module examines the distinction between the body and the soul and discusses the roadmap *(shari'ah)* sent down by Allah for self-purification in order to attain the company of *al-abrar,* the righteous ones, in the hereafter. The centrality of *niyyah* is stressed in all the religious observances. These acts engender *taqwa* (piety) which involves avoidance of major and minor sins that corrupt the body and the soul, development of moral and ethical traits that identify us as Muslims, and observance of two most important obligations that bring us closer to Allah, namely, *sawm* and hajj.	MODULE 7 SOCIETAL WELLBEING This module is a continuation of the roadmap to self-purification but at the societal instead of the individual level. Islam is not just a religion of individuals but also of a community and a global *ummah.* The social interactions and the attendant responsibilities and rights that Islam mandates can be visualized as a series of concentric circles. The circles begin with the self, and the immediate and extended families, widens to include neighbours and friends and the local community, and embraces the wider community along with the physical environment. *a/-amr bi/ ma'ruf* and *an-nahi 'anil munkar* symbolize the social aspect of the community; believers have to promote goodness in society and prevent social evils.	MODULE 8 RETURN TO THE CREATOR This module completes the cycle that began with the creation of Allah and ends with the return to Him. It covers the process of death, the purgatory of *barzakh,* resurrection at the end of time, accountability on the day of judgement and the outcome of man's actions with the reward of heaven or the punishment of hell.
